

Save Energy and Money for Your Business

Rebates can help your business grow while reducing energy use and maximizing your savings. Whether you're a small or large business owner, we offer a wide array of rebates on energy efficient upgrades that can help you save money, increase productivity and reduce maintenance.

Receive rebates for updating:

Lighting

Upgrade your existing, outdated lighting to energy efficient LEDs. Occupancy sensors and central lighting controls also qualify for rebates.

HVAC

Install unitary and split AC systems and receive rebates based on unit size. Air or water-cooled chillers also qualify.

Building Automation Systems (BAS)

Install web-based BAS to qualify for a rebate based on the area controlled.

Frequency Drives (VFDs)

Upgrade existing motors with VFDs and earn rebates calculated from the controlled motor size.

Other Equipment

Receive cash rebates for installing energy efficient infrared heaters, space heating boilers, furnaces, ice makers, pool heaters and more! See our catalog for a full list of measures.

5 Easy Steps to Help Your Business Save Money

1

Access the Online Application

Explore available rebates and find our incentive application at ConsumersEnergy.com/StartSaving

2

Complete Your Pre-Application

Include project, applicant and product information, attach specification sheets and finalize.

3

Fund Reservation

The Consumers Energy team will review your project, determine eligibility and reserve program funds for up to 90 days.* Once you have received your reservation notice, you can begin your energy efficiency project.

4

Complete the Project and Final Application**

Access your open application to finalize project costs and dates. Include your W-9 and invoices detailing equipment model numbers and quantities.

5

Receive Your Check

Once your final application has been reviewed, your check will be processed and mailed. It may take up to four to six weeks to receive your rebate check.

*Program funding is limited. Rebates are paid on a first-come, first-served basis until funds are exhausted for the program year.

**Submit the final application within 60 days of completion or reservation end date, whichever comes first.
