

Stronger Businesses, Stronger Michigan

Consumers Energy created the Buy Michigan program to support our Michigan-based companies and fuel the local economy. Our team is here to walk you through the program requirements and available resources.

- Earn a 20% bonus when you install Michigan-made energy efficiency products
- Dozens of Michigan manufacturers to choose from
- Find a manufacturer at ConsumersEnergy.com/BuyMichigan

How energy efficiency can help your business save money:

*Rebates shown are based on typical projects where equipment meets the minimum program requirements. Your actual rebate may be different based on your specific applications. Funds for rebates are limited and available on a first-come, first-served basis.
